Information NOW
Information for people in Newcastle upon Tyne

At a Loss

AtaLoss are a national bereavement signposting service. You can find information about national and local services through their website. They provide the following services:

- Signposting, filtered by location, preference, and need.
- Over 2000 local and national bereavement services highlighted
- Practical information and advice for those recently bereaved
- Accessible and translatable into 100 languages
- Their **ListeningPeople** project offers support for professionals who support children and young people with bereavement
