Information for people in Newcastle upon Tyne

Disability Law Service

Disability Law Service is a charity which has been providing free legal advice and representation for disabled people and their carers since 1975. They provide free legal advice on community care, employment, housing and welfare benefits to disabled people and their carers to ensure that they have access to their rights and justice.

If you have challenges with reasonable adjustments in the work place, use their digital legal information platform called WorkRights (see web link below), which has been developed with funding from the Legal Education Foundation.
