Action Tutoring

Action Tutoring are a charity that matches trained volunteer tutors to children and young people who are facing disadvantage.

They work with small groups of primary or secondary pupils during term time, sessions are either delivered at schools or online, at the same time each week.

Volunteers can choose to support children preparing for their SATs (ages 9-11) or GCSEs (ages 14-16).

They provide all tutors with training and workbooks to use in sessions, a DBS check and travel expenses up to £5 per session.
